

*Hard working and courteous operatives made our move stress free.*

*Every member of staff we had dealings with were helpful and friendly from the man who came to do the quote, to the office staff that we had to speak with often, to the removal men. Here is a company we would recommend who even went the extra mile. There were two guys who packed up the house and put our belongings into storage but on the unloading there was only one of the original men and a new one, which was fine, but I had forgotten where the key to our grandmother clock was. So the man we knew made a phone call to the other one who had dealt with the key who remembered, a week later, where he had put the key - even though he had told me to remember. Very impressed. A brilliant company :)*

*Very well satisfied with the company and service. The removal men were extremely helpful.*

*Very friendly, knowledgeable and efficient. Office personnel were very patient and able to make sense of my somewhat confused questions! Was a member of the family which owns the business. Customer service rep arrived on time, explained the business' ethos, any requirements I needed to fulfill in order to reserve my date. Also a member of the family. Efficient and did his job very quickly, while answering my questions. The packing team were fantastic! 5\* rating, guys! So very good at their job, also very personable. They really took away any pressure or anxiety I had been experiencing. Left no mess in the empty house. Moved their big beast out of the way when neighbours needed to exit/enter the green with no complaints. Very accurate time estimates given for vacating the premises and beat me to my new abode! Well done, and thank you everyone!*

Excellent service from friendly and helpful staff. The people involved on move day were superb and did far more than I could have expected.

Very friendly and reliable movers. Everything kept in storage was returned in good order. Would use again!

Will recommend to others. The staff made the moving process more pleasant for us.

Brilliant service at a sensible price. Thank you

Very efficient, cheerful and helpful crew on the moving day.

My husband and I are very happy with the service provided by your company

A mammoth move for us-made easier by the crew

Everyone was very friendly and helpful.

The men who came to do the removal were professional, polite and very helpful.

Simply excellent

Good service. No problems. Would use again/recommend.

Efficient, friendly service.

The removal men were great

We went for the most obvious company locally known for their moves of military personnel and gave them all the information we were able to glean during the sale/purchase process; mostly we were at risk because of an incompetent local authority. When the date was confirmed; the same as originally estimated, the company started playing tricks with "cant do that date" and "could do at a premium" and we ditched them. Luckily we found Weston & Edwards, and our problems were over

Very good phone communication. At the time we were going through a marriage split so it became complicated with some storage required but your team inc removal crew made it much easier - thank you

On the day of my move the two removal men were very polite, helpful and professional. A credit to the company.

Reliable and very well organised, SPOT ON!!

The removal men on the day were brilliant, with not one breakage or loss. Thank you

Good hard working staff. Clean lorries and speedy loading and unloading

Lovely helpfully staff, good service, well done.

The team who completed our removal were extremely efficient, tolerant of our delays, respectful and had almost no access to food, drink or toilet facilities for long periods. They made a stressful and tiring task into a very positive experience. I'd re-use this service again and would recommend it to others.

The removal men where fantastic in packing everything up. When we had financial problems and couldn't pay the storage, the staff were very understanding and helpful. Thank you to all of you!

We were extremely pleased with our move and the two young men, Chris and Aaron , were excellent. They were polite, efficient, and most helpful a credit to your Company. Muriel Barrett

Can't think of any part of the service that could have been done better. I would use the company if I moved again

I would highly recommended you.

Your staff were brilliant and helpful, they arrived on time and made moving easy.

While the whole package was very good the team with the lorry were amazing. Please pass on our thanks

Would recommend your company

Was very happy with the service provided. Would recommend.

Great job!

A very good job. Arrived on time and did the job to our satisfaction.

Staff were polite and well dressed, very cheerful and the crew moving the chap into my old home, turned up at my new one to assist the crew unloading me here.

Worth every penny to take one stress factor out of move day. The 2 men that attended on the day were great. Will recommend you to friends/family.

A great company to deal with. The guys who did the packing, loading etc were brilliant nothing was too much trouble. Altogether a very smooth operation.

Your staff coped extremely well, especially at the delivery end when they had to cope with builders blocking the entrance. Everything was so well packed and all the china and glass arrived undamaged.

everyone was pleasant and helpful. We had a complex move with very tight time schedule and everything went exactly to plan. The two drivers were extremely patient and cheerful, particularly considering the various problems we encountered (hottest day of year, difficulty fitting lorry round tight storage depot, loose cats at destination etc) and I'd certainly use Weston and Edwards again in future.

The team worked extremely well on the day, and put in substantial effort and energy in getting us moved, the guys on the van worked like Trojans and we could not have managed the move in the timescale we asked for without them. Best wishes to them

The men who packed my furniture were very efficient , quick & pleasant. Was pleased I had the same 2 when the furniture was delivered

Fantastic service from start to finish would definitely recommend and use again. Very professional, hassle free and great service and price.

The driver and packers that we had were extremely friendly, polite and fun to be around. nothing was too much trouble, we were really pleased, Thank you.

Overall very friendly and efficient service. Prompt and on time on the day of the move.
